Aldea na Grande Maçã

Em Nova Iorque o restaurante Aldea é o novo *talk of the town*, com críticas favoráveis na imprensa (incluindo o *NYTimes*). O chef, George Mendes, tem ascendência portuguesa e isso nota-se na denominação de origem dos pratos: além dos tradicionais petiscos lusos, há arroz de pato, presunto e gambas à alinho. Tome nota: fica na 31 West 17th Street, Manhattan.
